

CUBBECO FDC

After school Care Programming

I am also a qualified Drama Teacher and my Goal is to help children build their self-esteem using drama techniques that I have used to help kids with stuttering or have learning difficulties.

I will also help and make sure they do their homework and in addition to this inspire and motivate the children to become Eco-friendly and independent in 3 ways:

1. Each child will be helped based on his or her individual needs.
2. Inspire them through Art classes (Art and Music), Sport classes and Science experiments.
3. Teach them how to become Eco-friendly: Through gardening, Recycling and Composting.

ART CLASSES AND GAMES:

- Art Craft
- Painting (wood, glass, paper, cloths and art)
- Coloring (primary, secondary, Metallica, lights and dark Colours)
- Drawing
- The history of the arts
- Singing
- Acting (drama techniques activities)
- Magic tricks
- Face painting
- UNO (cards)
- Mach Cards
- Others

SPORTS:

- Football (Half Soccer)
- Handball
- Volleyball
- Basketball
- Tennis (kids Racket Ball)
- Others

SCIENCE EXPERIMENTS:

- Mixing Colours
- Density liquids
- Liquid, solid and gas (Water), others

ECO-FRIENDLY:

- Practicing gardening (water and food)
- Understanding and respect the nature life;
- Understanding and practicing re-cycling (separating paper, glass, plastic, food and plants)
- Understanding and practicing Composting utilising a worm form compost
